

Sealcoating

Water destroys pavement sub-surfaces. Sealcoating protects and extends the life of your asphalt by protecting the pavement from the elements while greatly improving its appearance.

Asphalt Paving

We specialize in paving new or resurfacing existing parking lots and private roads. We pave small and large jobs, from strip malls to major distribution centers.

Asphalt Repair

Is your asphalt lot in good shape except for a few potholes? Let us repair those holes properly. We take the extra step by ensuring that all the important details are taken care of.

Striping & Design

Your parking lot isn't complete until the cars know where to park—and that requires line striping.

Car Stops

We furnish and install car stops. These prevent cars from hitting walls, landscaping, or other cars. Choose from either concrete or recycled rubber blocks.

Concrete Repair

Our professionals can clean out and replace deteriorated concrete from wheel stops, sidewalks, and parking lots.

Concrete Curbing

We form, pour and finish new concrete curbing to blend with your new or resurfaced parking lot.

Signage

M&M Asphalt can repair existing signs and posts as well as replace them to D.O.T. specifications.

Maintenance**

We do it RIGHT the first time!

TOP • 5

Reasons to use M&M Asphalt Maintenance for professionally managed properties.

3 • We Treat Our Customers RIGHT !

Our customers are lifetime customers. That's the way we do business. Just ask Marty G. from CAS Management, Inc.

"We know M&M's work. We bid out our job to several different companies. They did the job for less than we had budgeted by coming up with innovative ideas that the other companies had not even considered and they still used the best quality materials available. I'll definitely be hiring M&M in the future."

1 • We Do It RIGHT !

From our materials to our workmanship, you can count on us. We know a quality job demands attention to detail. We approach every job in the same manner. Find out for yourself why we're so well known in the industry for getting a job done **RIGHT**...the first time.

2 • We Service It RIGHT !

Some jobs require multiple services and some require just one service. Either way, we can handle your needs.

- Sealcoating
- Asphalt Paving
- Asphalt Repair
- Striping
- Car Stops
- Concrete Repair
- Concrete Curbing
- Signage

4 • We Price The Job RIGHT !

At M&M, we know these are tough economic times. Tightening budgets mean you need to take lower bids, but you don't want to sacrifice on quality. After all, you may not have the budget for a repair job in a year or two, not to mention the hassle and headache of having a repair from a company that sacrifices quality. We won't sacrifice on quality and we know how to price the job for you. Call us for a quote to find out for yourself.

5 • We Have The Experience That Is RIGHT !

We have been serving our customers since 1987. And while other companies are struggling to make ends meet, we're just welcoming a new partner to our team, **Jeff Cohen**. He's an industry pro and is here to help you. Contact **Jeff Cohen** or **Neil Ortner** to discuss your asphalt and paving needs today at:
